

LADN

LADN

The LADN tread is the ideal tread for articulated trucks

Fitments

Articulated Trucks, Graders, Loaders

Code TRA : E-3

BENEFITS AND FEATURES

- Excellent traction on soft ground and prevents oversteering.
- Tested to provide a significantly lower cost per hour than major brand tires.
- Design allowing minimal heat buildup
- Not recommended for loaders working in sand. The tread traction is too strong, and the torque too high.

WIDTHS	TREAD DEPTH
	/32"
23.5	48
26.5	51
29.5	54
